

# ANTH UNDERGRADUATE COURSES | FALL 2016

Anthropology at Colorado State University focuses on providing undergraduate students with an understanding of people and their cultures, past and present, related to the structure of the social, environmental, political and economic systems in which humans operate.

## ANTH 100 Introductory Cultural Anthropology (3 Credits)

Human societies and their cultural setting; variation in beliefs, social customs, and technologies; human differences in anthropological terms.

SEC 1:MWF 1-1:50	WAGAR 133	Ms. Keri Canada
SEC 3:TR 2-3:15	MICRO A108	Dr. Adrienne Cohen
SEC 4:TR 9:30-10:45	BHSCI 107	Dr. Adrienne Cohen

## ANTH 120 Human Origins and Variation (3 Credits)

Mechanisms of evolution; genetics. Living primate biology, behavior, and history. Human evolutionary history. Human variation and adaptation.

SEC 1:TR 9:30-10:45	CLARK A 104	Dr. Michael Pante
SEC 2:TR 12:30-1:45	CLARK A 205	Ms. Kimberly Nichols
SEC 3:TR3:30-4:45	CLARK C 250	Ms. Kimberly Nichols

## ANTH 121 Human Origins and Variation Lab (1 Credit)

Labs demonstrating genetic and evolutionary processes, comparative skeletal anatomy, human evolution through fossil casts, and modern human variation.

LAB 1:T 9-10:40am	CLARK C 249	Mr. Matthew Muttart
LAB 2:W 8-9:40 am	CLARK C 249	Mr. Elliot Hubbard
LAB 3:T 11-12:40pm	CLARK C 249	Mr. Matthew Muttart
LAB 4:R 9-10:40 am	CLARK C 249	Mr. Trevor Keevil
LAB 5:F 9-10:40 am	CLARK C 249	Mr. Elliot Hubbard
LAB 6:F 11-12:40pm	CLARK C 249	Mr. Elliot Hubbard
LAB 7:T 6-7:40pm	CLARK C 249	Mr. Trevor Keevil
LAB 8:R 11-12:40pm	CLARK C 249	Mr. Trevor Keevil
LAB 9:R 6-7:40pm	CLARK C 249	Mr. Matthew Muttart

More Sections TBD

## ANTH 140 Introduction to Prehistory (3 Credits)

Origins of human society from the Stone Age to urban civilization using architecture, art, tools, and other material remains.

SEC 1:MWF 10-10:50	CLARK A 206	Dr. Christopher Fisher
SEC 2:TR 12:30-1:45	CLARK A 202	Dr. Richard Adams

## ANTH 200 Cultures and the Global System (3 Credits)

Analyze diversity, cultural responses, and adaptations of smaller-scale societies to emerging global trends.

SEC 1:MWF 12-12:50	CLARK A 204	Mr. Patrick Dorion
SEC 2:TR 12:30-1:45	CLARK A 230	Dr. Kathleen Pickering
SEC 3:MW 4-5:15	CLARK C 146	Mr. Patrick Dorion

## ANTH 275 Introduction to Forensic Anthropology (3 Credits)

Underlying theory and the applied techniques that forensic anthropologists use to recover and identify individuals and assess cause of death.

SEC 1:MWF 1-1:50	EDUC 13	Dr. Connie Fellmann
------------------	---------	---------------------

## ANTH 310 Peoples and Cultures of Africa (3 Credits)

Sub-Saharan lifestyles including marriage and family, traditional government, religion and magic, ecology and economy, art, music, and literature.

SEC 1:TR 11-12:15	CLARK C 360	Dr. Kathleen Galvin
-------------------	-------------	---------------------

## ANTH 350 Archaeology of North America (3 Credits)

Native American life, tools, architecture, religion, food-getting from cultures of 12,000 years ago or earlier until European contact.

SEC 1:TR 2-3:15	EDDY 5	Dr. Richard Adams
-----------------	--------	-------------------

## ANTH 360 Archaeological Investigation (3 Credits)

Investigation of the archaeological record, how the record was formed, and how archaeological data are analyzed and interpreted.

SEC 1:TR 9-9:50	CLARK A 26	Dr. Mary Van Buren
LAB 1:TR 9:55-10:45	CLARK A 26	Dr. Mary Van Buren

## ANTH 372 Human Osteology (3 Credits)

Human bones and teeth in a review of functional human evolution.

SEC 1:MW 10-10:50	GSB 348	Dr. Ann Magennis
LAB 1:MW 11-11:50	GSB 348	Dr. Ann Magennis

# ANTH UNDERGRADUATE COURSES | FALL 2016

## **ANTH 373 Human Evolution (3 Credits)**

Current topics and debates in human evolution concentrating on biocultural changes in the human lineage.

SEC 1:MW 3-4:15      CLARK C 249      Dr. Connie Fellmann

## **ANTH 376 Evolution of Human Adaption (3 Credits)**

Unique characteristics of humans: bipedalism, encephalization, dentition, birth process, an attenuated period of development.

SEC 1:TR 2-2:50      CLARK C 364      Ms. Kimberly Nichols  
REC 1:TR 2:51-3:15      CLARK C 364      Ms. Kimberly Nichols

## **ANTH 400 History of Anthropological Thought (3 Credits)**

Anthropological theory from its beginnings in 19th century through recent developments into the 20th century.

SEC 1:TR 11-12:15      CLARK C 146      Dr. Suzanne Kent

## **ANTH 414 Development in Indian Country (3 Credits)**

Critical examination of history, public policy, and tribal strategies for economic development and natural resource management in Indian Country.

SEC 1:TR 2-3:15      MILSC 105      Dr. Kathleen Pickering

## **ANTH 444 Cultures of Virtual Worlds – Research Methods (4 Credits)**

Methodologies and directed research related to virtual worlds and internet and gaming communities.

SEC 1:T 3-5:50      ANSCI 31      Dr. Jeffrey Snodgrass  
LAB1:R 3-4:50      GSB 342      Dr. Jeffrey Snodgrass

## **ANTH 445 Psychological Anthropology (3 Credits)**

Cross-cultural exploration of the human mind by studying the ideas, desires, and practices of individuals in various sociocultural settings.

SEC 1:TR 9:30-10:45      CLARK C 360      Dr. Jeffrey Snodgrass

## **ANTH 453 Impacts on Ancient Environments(3 Credits)**

Major issues and case studies in the archaeology of ancient human societies and their environmental impacts.

SEC 1:MWF 1-1:50      GLOVR 201      Dr. Christopher Fisher

## **ANTH 454 Anthropological Perspectives on Food (3 Credits)**

A long term perspective on the political economy of human food ways from ancient hunter-gatherers to the present.

SEC 1:TR 12:30-1:45      SHEP 120      Dr. Mary Van Buren

## **ANTH 461 Anthropological Report Preparation (3 Credits)**

Producing written and oral presentations for anthropological research, employment, or graduate work. Grant writing and manuscript preparation.

SEC 1:MW 10-11:45      CLARK A 26      Dr. Jason LaBelle

## **ANTH 479 International Development Theory and Practice (3 Credits)**

Contemporary issues in international community and economic development, with practical and theoretical analysis from interdisciplinary perspectives.

SEC 1:R 5:30-8:10      EDDY 109      Dr. Suzanne Kent

## **ANTH 493 Capstone Seminar (1 Credit)**

Linkages between anthropological subfields and how professional anthropologists approach issues.

SEC 1:W 9-9:50      MILSC 200      Ms. Melissa Raguet-Schofield
