UNDERGRADUATE DEGREE, TWO OR MORE DEGREES (ONE DIPLOMA)

Students wishing to graduate with an undergraduate degree with more than one major must complete all the requirements for each major (some majors will accept as fulfilling their own category 4A-C requirements the fulfillment of the category 4A-C requirements in another declared major the student completes). Common requirements may count in meeting the curriculum requirements for each major, but each major must have a minimum of 27 unique credits. Two majors will appear on one diploma when:

- The student has two declared majors;
- Less than 150 credits;
- 27 unique credits minimum per major;
- All-University Core Curriculum (AUCC) categories 1-3;
- AUCC category 4A-C for each major;
and when both majors are of the same degree type (i.e., B.A., B.S., or B.F.A.), *the student will be awarded a single degree that displays all majors earned on one diploma.*

When the two majors are of differing degree types, students having completed the above bulleted requirements will be given the following choices at the time they file their graduation contract:

- One diploma listing only the primary major's degree type (e.g., B.A., B.S., B.F.A., B.M., B.S.W.) and listing all majors conferred.
- One diploma listing the Bachelor of Arts and Sciences degree (B.A.S.) if one major is a B.A. degree type and another is a B.S. degree type. If this option is chosen the degree type of B.A.S. shows on the diploma and official transcript along with both majors.

UNDERGRAD, TWO OR MORE MAJORS (MULTIPLE DIPLOMAS)

Students pursuing two or more majors, who have successfully completed a minimum of 150 credits (for two majors) or 180 credits (for three majors), and:

- Completed a minimum of 27 unique credits for each major
- Completed the requirements for AUCC categories 1-3
- Completed the AUCC category 4A-C requirements for each major

will have separate baccalaureate degrees conferred for each major resulting in separate diplomas.
