ADDITIONAL RESEARCH EXPERIENCE

Colorado State University, Department of Communication Studies (PhD):

Summer 2023

Graduate Research Assistant for Dr. Greg Dickinson

Successfully completed editorial work on the book manuscript, “*The Spirit of the American West: Memory and Identity at the Buffalo Bill Center of the West*” by Greg Dickinson, Brian L. Ott, and Eric Aoki (under contract with The University of Alabama Press). My editorial work included proofreading, reference formatting, and adaptation of the formal structure of the manuscript to meet the requirements of professional and publisher-specific formatting, consistent with the editor.

Graduate Research Assistant for Dr. Martín Carcasson

Comprehensively researched literature on active listening as an integral part of democratic deliberation, put together a literature review of the most relevant sources to create community workshop sessions on the topic (as part of the larger community initiatives of the Center for Public Deliberation at CSU). I researched media that would be essential for translating theoretical concepts of democratic deliberation research into more approachable language for broader audiences beyond the academy, developing skills needed for the creation of public scholarship.

Graduate Research Assistant for Dr. Carl Burghardt

Successfully compiled a comprehensive literature review, and curated a collection of relevant and diverse scholarly articles, book chapters, and archival sources for Dr. Burghardt's book project on coming-of-age films in the early 20th century.

Summer 2022

Graduate Research Assistant for Dr. Greg Dickinson

Proofread and edited chapters of, and integrated visual figures into, the book manuscript, "*The Spirit of the American West: Memory and Identity at the Buffalo Bill Center of the West*" by Greg Dickinson, Brian L. Ott, and Eric Aoki (under contract with The University of Alabama Press). In the process of completing this work, I gained and successfully applied additional knowledge of culturally-inclusive terminology and invitational rhetoric that challenges the pre-existing oppressive power dynamics embedded in language and our society at large.

Curated a collection of relevant literature, modern resources, and archival documents (including historical newspaper articles, architectural sketches and floorplans, photographs, and reports on municipal decisions) for Dr. Dickinson's continued work on rhetorical analyses of places and spaces in the L.A. area.

Summer 2021

Graduate Research Assistant for Dr. Greg Dickinson

Undertook and successfully accomplished photographic archival work for part of the book manuscript, "*The Spirit of the American West: Memory and Identity at the Buffalo Bill Center of the West*" (under contract with The University of Alabama Press). Developed proficiency in locating archival resources, established connections with professional archivists with deeper knowledge of specific archives, and cultivated skill in locating the visual changes and appropriations of visual artifacts over time and the history of how they come to be situated in particularly rhetorical spaces like museums.

Colorado State University Communication Studies Website Update Auditor

Tested aspects of user functionality for the beta version of the updated CSU Communication Studies Department website. Developed proficiency with effective design, user interfaces, key language, and effective presentation of not only the

requirements of different communication studies degrees, but also the value of the field on a personal development level, in the academy, and on regional, national, and international levels.

Colorado State University, Department of Communication Studies (MA):

Summer 2020

Graduate Research Assistant for Dr. Luke Lefebvre

Conducted analysis of qualitative survey data, collaboratively revising a coding scheme and helping to establish inter-coder reliability for analyzing the interpersonal communication strategies of small groups in university class contexts.

Spring 2020

Formatting Aide for Brian L. Ott & Greg Dickinson

Successfully completed editorial work on the book manuscript, "*The Spirit of the American West: Memory and Identity at the Buffalo Bill Center of the West*" by Greg Dickinson, Brian L. Ott, and Eric Aoki (under contract with The University of Alabama Press). Adapted the formatting style of the manuscript to meet the requirements of professional and publisher-specific formatting, consistent with the editor.

Review film submissions received from internationally diverse filmmakers, evaluating not only the cinematographic elements of the films, but also how the films give voice to the diverse experiences of international communities and important issues. In addition to submitting written reviews of these films, I engage in collaborative discussion with faculty and other members of the leadership team to help decide on the films most appropriate for the film festival, and most powerful in their audio-visual invitations to audiences to understand global issues on a visceral and cognitive level.

Volunteer English Tutor for Ukrainian Speakers ENGIN nonprofit organization	2023
<p>Planned weekly Zoom calls with a Ukrainian speaker who wanted to learn English to expand her professional opportunities beyond her national options. To support her goal, I developed English tutoring lessons tailored to her specific interests and experiences, and provided interpersonal support of her learning. Through this, I also learned so much from her, gaining knowledge of her experiences and viewpoints influenced by a very different culture and the impact of war on so many levels.</p>
